

Tohoku University Sustainability Study Consortium

Corporate Forum 2020 Overview

1. Date (planned)

Friday, November 20 and Saturday, November 21, 2020

2. Venue

Undecided (updated information will be sent to the address provided during application).

*Both online and on-site (Tohoku University campus) forums are being considered in order to respond to future changes due to the COVID-19 pandemic. The forum will be held in the form of web conferences or file sharing in case we hold it online.

3. Details and Schedule

- On-site

Part 1: Afternoon of Friday, November 20

Research presentations for the Sustainability Study Consortium member companies/organizations by students (from the 1st and 2nd year master's program and the 1st year doctoral program) enrolled in the Tohoku University WISE Program for Sustainability in the Dynamic Earth (<http://www.syde.tohoku.ac.jp/>) and graduate students of the Departments of Earth Science & Geophysics of the Graduate School of Science and Graduate School of Arts and Letters (mainly 1st year master's program students). See the figure below for the scope of participating students.

Part 2: Saturday, November 21

Seminars for the above students by the Sustainability Study Consortium member companies and organizations. This should not simply be an introduction of the company/organization by way of recruiting activities, but an educational seminar from the perspective of how to make use of the studies and research conducted in graduate schools in society, and the skills that should be acquired in graduate schools. We also welcome lectures by those with PhD degrees.

	WISE Program students M1 - D1, 33 students	Students not in the program (M1 - D3; primarily M1)
Graduate School of Science	Department of Earth Sciences Department of Geophysics	
Graduate School of Engineering	Department of Quantum Science and Energy Engineering Department of Chemical Engineering Department of Civil and Environmental Engineering Department of Architecture and Building Science Department of Management Science and Technology

<http://aic.pgd.tohoku.ac.jp/fund/index.html>

Please refer to the attached document to make a donation.

*Donations to this fund are fully tax-deductible.

*The donations will be put toward the corporate forum, and will also support the education of students in the doctoral courses. In addition, a report on activities of the fund is

published in a press release and on the website between July and August every year.
